UOFIP UteTribe 12-1-16 Review (004).pptx

Chet – We have a meeting with Janet at 1 pm today to review the December 1 meeting between the Tribe and Region 8. As I understand it, one of the concerns raised by the Tribe at the meeting concerns model performance. AQAD may wish to have someone sit in on today's meeting, so you can hear more about this particular concern.

Mike

**Subject:** Slides from Ute Tribe Meeting Re the Oil and Gas FIP

Janet

Attached are the FIP slides we went through verbally at the meeting today with the vice Chairman of the Ute Business Committee and the Tribe's legal counsel. Tomorrow, among other topics, we would like to ask you (and OGC) whether you are comfortable with us sending the slides to the Tribe. Prior to the meeting the slides were reviewed by OAQPS and OGC, but for the purpose of discussion, not release.

Talk to you tomorrow.

Thanks

Carl Daly, Director
